

# **SACRED HEART CATHOLIC SCHOOL SACRAMENTAL POLICY (Role of the school)**

Reviewed 2016  
Due for Review 2019

## **RATIONALE**

The parish is the Christian faith community that children and young people need for their religious development. It is where they are inspired and nurtured by other members of the community to experience what is needed to develop their faith (Mandate, para 80).

It is the parish community that invites and welcomes new members; it is where initiation into the faith is celebrated and nurtured, it is where people learn to live as a community of the faithful (Mandate, para 79).

Catholic schools complement parishes and are an important means for evangelising young people today by teaching them how to live as children of God. By the nature of their mission and mandate, they have a direct responsibility to support families and parishes in the preparation of children to receive the sacraments (Mandate, para 79).

The role of the Catholic school in supporting Sacramental programs for young people is to nurture strong partnerships between families and parishes (Mandate, para 80).
